

Featuring Speakers From:

- Acadia Center
- AI Statman LLC
- Analysis Group, Inc.
- Anbaric Development Partners
- Ansonia Partners
- Avangrid Networks
- Braemar Energy Ventures
- Brown Rudnick
- Chargepoint
- CRA International
- Eversource Energy
- ISO New England, Inc.
- Latham & Watkins
- Levitan & Associates
- Liberty Utilities
- Massachusetts Department of Public Utilities
- NESCOE
- NYISO
- Rhode Island Public Utilities Commission
- The Brattle Group
- Van Ness Feldman

The Sixth Annual Two-Day Conference on

Transmission and Clean Energy in the Northeast

Electric resource and infrastructure development in a
decarbonizing Region

March 21 & 22, 2019

Boston, Massachusetts
One Financial Center

Credits: we have applied for CLE credits in CT, ME, RI and VT (call about others)
Quick when/where: 8:30 a.m., One Financial Center

Transmission and Clean Energy Conference
March 21 & 22, 2019 | Boston, Massachusetts
One Financial Center

Yes! Please register me:

8:00 Registration Opens

8:30 Introduction & Overview

Paul G. Afonso, Esq., Program Co-Chair
Brown Rudnick ~ Boston, MA

Paul Hibbard, Program Co-Chair, Principal
Analysis Group, Inc. ~ Boston, MA

8:45 FERC Update Plus Other Federal Policy Developments that Impact the Northeast

Regulatory developments affecting clean energy and transmission development: the political landscape after the 2018 midterm elections; the evolving agenda at DOE and the reconstituted FERC

Douglas Smith, Esq.
Van Ness Feldman ~ Washington, DC

9:30 Update on Developments Affecting the Role of Natural Gas in Northeast Energy Markets

Pipeline certificate approvals: FERC's "stalled" certificate policy Notice of Inquiry and the enhanced filing requirements that will be needed in our current political/regulatory environment

Herb Rakebrand, Principal
CRA International ~ Boston, MA

10:15 Break

10:30 Clean Energy Developments in New York with an Impact on the New England States

Update on implementation issues for Governor Cuomo's 2018 Clean Energy Jobs and Climate Agenda and the New York State Offshore Wind Master Plan

Tommy P. Beaudreau, Esq.
Latham & Watkins ~ Washington, DC

Update on wholesale electricity market structures, pricing, and ISO resource planning

Michael DeSocio, Senior Manager, Market Design
NYISO ~ Rensselaer, NY

12:00 Lunch (on your own)

1:15 Offshore Energy Policy Issues in New England

Proposals for bringing offshore energy to load and how they are faring: As transmission projects get bigger, should New York and New England have a coordinated policy on transmission?

Andrea Okie, Moderator, Vice President
Analysis Group, Inc. ~ Boston, MA

Thorn C. Dickinson, Vice President, Business Development
Avangrid Networks ~ New Gloucester, ME

Clarke Bruno, Esq., Lead Partner for Transmission
Anbaric Development Partners ~ Wakefield, MA

Richard L. Levitan, President
Levitan & Associates ~ Boston, MA

3:15 Break

3:30 Charging Infrastructure for Electric Vehicles: What Will be Needed, Who Will Build It, and Who Will Pay for It?

Update on implementation of the Massachusetts Department of Public Utilities' recent order approving Eversource's plans to invest \$45 million to reduce the cost to prospective owners of installing charging stations in locations across Massachusetts

Charlotte B. Ancel, Esq., Director of Strategic Development
Eversource Energy ~ Springfield, MA

Other developments affecting the region and work that still needs to be done

Anne Smart, Vice President of Public Policy
Chargepoint ~ Campbell, CA

Mark LeBel, Esq., Staff Attorney
Acadia Center ~ Boston, MA

5:00 Continue the Exchange of Ideas: Reception for Faculty and Attendees

Sponsored by Analysis Group, Inc. and Brown Rudnick

About the Conference

Our Media Sponsor

Energy News Network,

a nationally recognized news publication featuring original state-based reporting, dedicated to keeping stakeholders, policymakers, and citizens informed about the important changes taking place within the transition to a clean energy economy.

With New York and New England states announcing ambitious plans for reducing carbon emissions and transitioning to clean energy, we've expanded the focus of this year's transmission conference to include more detailed coverage of renewable resource development, hydrogen as a storage solution for intermittent wind and solar, and distributed generation. We are very pleased with the depth and breadth of experience our distinguished faculty will bring to the discussions.

You'll have an opportunity to hear from, and converse with, high-level legal practitioners, policymakers, grid operators, subject area experts, and business executives as they address the challenges of clean power development and the role of transmission in an era of increasingly decentralized, decarbonized generation. Nothing will happen without developers proposing projects and investors financing them. Our concluding panel will focus on the cash flows necessary to get steel into the ground or silicon onto rooftops.

Join us as we stitch together a coherent big picture from seemingly disparate parts, and then offer practical tips and techniques that you can put to work right away. We hope to see you there!

~ Program Co-Chairs: Paul G. Afonso, Esq. of Brown Rudnick and Paul Hibbard of Analysis Group, Inc.

8:30 Clean Energy Development: Distributed Generation, Storage, and Impacts on the Grid

Distributed generation: Update on rate proceedings and outcomes in New England; interplay between distributed generation and high-voltage transmission; implications for transmission system planning

Stephen J. Rourke, *Vice President, System Planning*
ISO New England, Inc. ~ Holyoke, MA

Hydrogen fuel cells from distributed carbon-free renewables as an emerging commercially-viable storage technology: Update on the Massachusetts 2018 Hydrogen and Fuel Cell Development Plan and fueling stations and incentives in Connecticut

William D. Lese, *Managing Partner*
Braemar Energy Ventures ~ New York, NY

The role of transmission in an increasingly decarbonized and electrified world

Michael Hagerty, *Senior Associate*
The Brattle Group ~ Cambridge, MA

10:30 Break

10:45 State Regulatory Policy Development

Update on cap-and-trade and other clean energy legislative proposals in New England

Heather Hunt, Esq., *Moderator, Executive Director*
NESCOE ~ Longmeadow, MA

Administrative perspectives on the challenge of developing a resilient regulatory system capable of staying in sync with evolving technologies, changing consumer preferences, and investor needs for regulatory certainty

The Hon. Abigail W. Anthony, Ph.D., *Commissioner*
Rhode Island Public Utilities Commission ~ Warwick, RI

Update on a state's effort to transition from traditional cost of service regulation to performance-based ratemaking where the company aligns with the goals and direction of the state

The Hon. Angela M. O'Connor, *Chairman*
Massachusetts Department of Public Utilities ~ Boston, MA

12:15 Lunch (on your own)

1:30 Project Development Opportunities and Challenges: Funding and Siting Issues for Clean Energy Infrastructure Projects

Developers discuss challenges to overcome before steel can go into the ground in the Northeast and suggest creative solutions for acquiring financing and moving projects ahead

Alan J. Statman, Esq., *Moderator*
Al Statman LLC ~ Santa Fe, NM

Scott Medla, *Managing Partner*
Ansonia Partners ~ New York, NY

Kathleen M. Shanley, *Manager - Transmission Siting*
Eversource Energy ~ Hartford, CT

Jan Bagnall, *Vice President, Electric Transmission*
Liberty Utilities ~ Jupiter, FL

3:30 Evaluations and Adjourn

Related Seminars & Webcast Replays:

Electric Power in the West	January 24-25, 2019	Seattle, WA
Carbon-Free Energy in California	April 4-5, 2019	San Francisco, CA
Electric Power in New England	October 18-19, 2018	Boston, MA
Renewable Energy in the Midwest	October 11-12, 2018	Minneapolis, MN
Tribal Energy in the Southwest	September 10-11, 2018	Chandler, AZ
Energy Storage	June 11-12, 2018	Seattle, WA
Climate Change in the Pacific Northwest	June 7-8, 2018	Seattle, WA

Registration & Other Conference Information

To Register:

Call us at: 206-567-4490
Fax the registration form to us at: 206-567-5058
Email us at: registrar@lawseminars.com
Online: www.lawseminars.com
Mail the registration form on the front page.
Walk-ins are welcome, subject to space availability.
Registration is complete when we receive payment or agree to later payment.

Tuition: Regular tuition for this program is \$995 with a group rate of \$895 each for two or more registrants from the same firm. For government employees, we offer a special rate of \$745. For students, people in their job for less than a year, and public interest NGO's, our rate is \$497.50. All rates include admission to all program sessions, food and beverages at breaks, and all course materials. Materials will be available for download and review a few days before the program. Make checks payable to Law Seminars International. Financial aid is available to those who qualify. Contact our office for more information.

Substitution & Cancellation:

You may substitute another person at any time. We will refund tuition, less a \$50 cancellation fee, if we receive your cancellation by 5:00 p.m. on Friday, March 15, 2019. After that time, we will credit your tuition toward attendance at another program or the purchase of a webcast or audio replay.

Location: The conference will be held at One Financial Center in Boston, MA 02111. Lodging is available at a number of nearby hotels. Our thanks to Brown Rudnick for graciously hosting this event.

Continuing Education Credits:

Live credits: We have applied for CLE credits in CT, ME, RI, and VT. NH lawyers can self-certify and report attendance. Upon request, we will apply for, or help you apply for, CLE credits in other states and other types of credits.

Time Shift Your Content:

Audio podcasts and video replays, with course materials, are available at the same price as live attendance. The course materials alone are available for \$100. Replays will be available within three business days after the conference or from the date we receive payment.

Faculty: Transmission and Clean Energy Conference

Paul G. Afonso, *Program Co-Chair*, is Co-Practice Leader of the Energy, Utilities, and Environmental

Group at Brown Rudnick. He previously served as Chairman of the Massachusetts DTE and as Chairman of the Energy Facilities Siting Board.

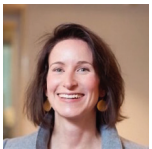

Paul Hibbard, *Program Co-Chair*, is a Principal at Analysis Group, Inc. He previously served as Chairman

of the Massachusetts Department of Public Utilities.

Heather Hunt, *Moderator*, is Executive Director of NESCOE. Her broad experience includes service

as a Public Utility Commissioner in Maine and Connecticut, State Government Affairs at United Technologies Corporation, and Vice President, Regulatory at Southern Connecticut Gas.

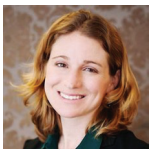

Andrea Okie, *Moderator*, is a Vice President at Analysis Group, Inc.. She has conducted multiple analy-

ses of state and federal climate policies, including quantifying the power system and macroeconomic impacts of the Regional Greenhouse Gas Initiative.

Alan J. Statman, *Moderator*, founded AI Statman LLC after a distinguished career practicing energy law and after founding Trans-Elect, Inc., North America's first independent transmission company.

Charlotte B. Ancel is Director of Strategic Development for Eversource Energy. She leads Eversource's vehicle, storage, and other clean energy development and policy initiatives.

The Hon. Abigail W. Anthony, Commissioner at the Rhode Island Public Utilities Commission, previously was the Director of Acadia Center's Grid Modernization and Utility Reform Initiative.

Jan Bagnall is Vice President of Electric Transmission at Liberty Utilities. He leads transmis-

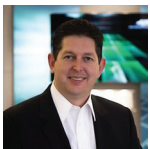

sion development for both the United States and Canada.

Tommy P. Beaudreau is a Partner at Latham & Watkins and Global Co-Chair of the Project Siting & Approvals Practice. He formerly served as the first Director of the Bureau of Ocean Energy Management.

Clarke Bruno is Lead Partner for Transmission work in the U.S. and Canada for Development

Partners. He previously served as Energy and Environmental Counsel to NJ Governor Corzine.

Michael DeSocio is Senior Manager, for Market Design at NYISO. He is responsible for the evolution of

NYISO's wholesale electricity markets.

Thorn C. Dickinson is Vice President, Business Development for Avangrid Networks.

Michael Hagerty is a Senior Associate at The Brattle Group. He focuses on electricity whole-

sale market design, renewable and climate policy analysis, transmission planning and development, and strategic planning for utility companies.

Mark E. LeBel is a Staff Attorney for the Acadia Center. He also is an appointed member of the Zero

Emission Vehicle Commission in Massachusetts.

William D. Lese is Managing Partner of Braemar Energy Ventures. He also serves on the Advisory Committee

of the New York City Accelerator for a Clean and Renewable Economy (NYC ACRE).

Richard L. Levitan, President of Levitan & Associates, leads the firm's advisory ser-

vices in the areas of gas/electric interdependency assessment, power plant valuation, wholesale power procurement, and gas transportation management.

Scott Medla is Managing Partner at Ansonia Partners, which is an invest-

ment banking partnership focusing on solutions for energy and infrastructure clients.

The Hon. Angela M. O'Connor is Chairman of the Massachusetts Department of Public Utilities.

Herb Rakebrand is a Principal at CRA International. He has over thirty five years of natural

gas industry experience complemented by an additional 5 years in energy investment banking.

Stephen J. Rourke is Vice President, System Planning for ISO New England, Inc. He oversees ISO

New England's regional and inter-regional planning processes.

Kathleen M. Shanley is Manager for Transmission Siting at Eversource Energy.

Anne Smart is Vice President of Public Policy for Chargepoint, the world's leading network of electric

vehicle charging solutions.

Douglas Smith, Partner at Van Ness Feldman, represents clients on regula-

tory matters, climate change, energy technology, and renewable energy policy. He is a former General Counsel for the FERC.

March 21 & 22, 2019
Boston, Massachusetts

One Financial Center
One Financial Center
(617) 856-8200

Who Should Attend:

Attorneys, industry executives, governmental officials, and customer representatives involved with electric generation, transmission, and consideration of alternatives to new projects

You Will Learn About:

- Federal clean energy and transmission policy developments
- Gas pipeline developments and the implications for the use of gas in the Northeast
- Developments in New York with an impact on the New England states
- Offshore policy issues in New England
- Charging infrastructure needs for electric vehicles
- Distributed generation, hydrogen storage, and impacts on the grid
- The role of transmission in an increasingly decarbonized and electrified world
- Cap-and-trade and other clean energy legislative proposals in New England
- The challenge of developing a resilient regulatory system
- Transitioning from traditional cost-of-service regulation to performance-based ratemaking
- Funding and siting issues for clean energy infrastructure projects
